**RE: Business Plan Submission & Financial Review for Elev8Tech LLC**

Dear Business Banking Relationship Manager,

I am pleased to submit the attached business plan for Elev8Tech LLC for your review as we formalize a banking relationship. This document is intended to provide a clear and transparent overview of our operations, financial position, and growth strategy.

Elev8Tech LLC is a California-based digital engineering and product development firm. Unlike traditional marketing agencies that rely on templates or off-the-shelf solutions, we specialize in custom software architecture, mobile application development, and AI-assisted workflow systems for small to mid-sized businesses seeking scalable and professionally engineered digital solutions.

**Why Elev8Tech LLC Is a Strong Banking Partner:**

- **Verified Recurring Revenue:** Elev8Tech operates on a retainer-based service model. We currently maintain an active monthly retainer client, Above All Maintenance and Repair, providing immediate recurring cash flow and demonstrating validated market demand.
- **Legal Consolidation & Financial Clarity:** We have successfully transitioned all operations from our previous entity, Vleeinc LLC, into Elev8Tech LLC. This consolidation streamlines our financial reporting, strengthens brand identity, and positions the company for scalable growth and financial partnerships.

- **Dual-Revenue Growth Strategy:** In addition to client services, Elev8Tech is developing proprietary intellectual property, including the Follow Thru productivity platform. This product is intended to generate future Software-as-a-Service (SaaS) revenue while reinforcing our technical credibility.

We are seeking a banking partner that understands the operational needs of a modern engineering firm. Our immediate objectives include establishing business checking and savings accounts and discussing potential credit facilities to support software infrastructure, product development, and strategic talent acquisition.

Elev8Tech operates with a lean cost structure, disciplined financial planning, and direct technical oversight. We believe this combination presents a low-risk, high-growth profile and look forward to the opportunity to discuss how Elev8Tech LLC and [a Person](#) can work together.

Thank you for your time and consideration. I welcome the opportunity to speak further at your convenience.

Sincerely,

Basleal Ayinalem
